*(The audience is invited to participate.)*

Far above the rolling campus,  
Resting in the dale,  
Stands the dear old Alma Mater  
We will always hail.  
Shout in chorus, raise your voices,  
Blue and Gold - praise you.  
Winning through to fame and glory,  
Dear old M-S-U.

## Ushers

---

Ushers serving for today's ceremonies are students currently attending Morehead State University. The ushers are wearing blue robes.

## College Receptions

---

Refreshments for graduates and their families, hosted by each college's dean and faculty, will be served immediately following commencement. For reception locations, please refer to the map located on the inside back cover of your program. Receptions are co-sponsored by the MSU Alumni Association Inc.

Academic fields may also be indicated by the color of velvet on the doctoral gowns; three two-inch bars on the sleeves and a five-inch border extending from the back of the neck down the two sides in front. For the degree of Doctor of Philosophy, the color is dark blue; for Doctor of Medicine, green; for Doctor of Education, light blue; for Doctor of Science, golden yellow. These colors also appear in the velvet of the hood unless the hood represents an honorary degree. The Doctor of Laws has purple velvet. The Doctor of Humanities is white, as is the Doctor of Letters. The Doctor of Public Administration has a hood with velvet in pale aqua.

Caps are black. Tassels are usually black for bachelor's and master's degrees, gold for doctorates. Gowns for bachelor's and master's are plain black, but sleeves of the latter are short with "trailing elbows." Doctoral gowns of European universities are usually very colorful. The caps are often of some soft material such as velvet and are ordinarily not of the conventional mortar-board shape. Several examples may be seen in the University faculty:

*Arts, Letters, Humanities - white*

*Commerce, Accountancy, Business - drab*

*Education - light blue*

*Engineering - orange*

*Fine Arts - brown*

*Journalism - crimson*

*Law - purple*

*Library Science - lemon*

*Medicine - green*

*Music - pink*

*Nursing - apricot*

*Philosophy - dark blue*

*Physical Education - sage green*

*Science - golden yellow*

*Social Science - cream*

*Theology - scarlet*

*Veterinary Science - gray*

## Academic Costumes

The wearing of academic costumes is a custom that goes back to the Middle Ages. Since the early European and English universities were founded by the church, the students and teachers were required to wear distinctive gowns at all times. Although the custom was brought to this country in Colonial days, the requirement for students was soon dropped. The custom for professors was confined to special occasions such as graduation exercises and inaugurations of new presidents. With the increase in the number of educational institutions and the development of new subject-matter fields, some confusion arose in time about the type of gown and the specific color to denote various degrees. To introduce desirable uniformity and set up a clearing house for new developments, a commission representing leading American colleges produced The Intercollegiate Code in 1895. In 1932, a national committee of the American Council on Education revised this code into The Academic Costume Code. It was revised in 1959. Although not obligatory, most of the educational institutions in the country follow it in awarding their degrees, earned and honorary.

The most significant part of the academic dress is the hood. The color of its velvet border indicates the academic field, and it is lined with the color or colors of the institution granting the degree. The hoods of those receiving a Master of Arts or an honorary degree of Doctor of Letters have those same color indications, but each successively higher degree carries with it a longer hood. The doctoral hood also has side panels on the back.

Although most doctoral gowns are black with black velvet bars and panels, in some cases the color of the gown is that of the university conferring the degree. All such gowns have black bars and panels.

## Commencement Profiles

Dr. Joseph A. (Jay) Morgan became the 14th president of Morehead State University on July 1, 2017.

He served most recently as the chief academic officer and vice president for the Kentucky Council on Postsecondary Education. In this role, he provided leadership for statewide academic affairs, academic strategic planning, academic legislative and policy development, diversity programming, student success/college readiness initiatives, e-learning, research and innovation, and federal and state grant administration. Additionally, he oversaw and provided linkages for state trust fund financial administration. He also served as a liaison to other governmental agencies and foundations, and worked with legislative groups and initiatives.

Dr. Morgan received his Ph.D. degree from Oklahoma State University and his B.S. and M.S. degrees from Murray State University.

His prior experience includes service as a high school teacher and coach, an entrepreneur, a university professor, graduate program coordinator, leadership program coordinator, university faculty regent, associate provost, and provost before joining the Council on Postsecondary Education.

He serves as a board of trustee member of the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) overseeing the accreditation of higher educational institutions in the southern states. He is a board member of a medical university, has held seats on several foundation boards, vice chair of the Kentucky Teachers Retirement System Board of Trustees managing over \$18 billion in financial assets, a bank board member, and has formerly served on the Kentucky Educational Professional Standards Board. His public service includes serving four terms as an elected member of a city council, board president of a chamber of commerce, board chair of the United Way, was formerly named Citizen of the Year, is a Rotarian and has been involved with economic development. He has taught, worked and traveled in more than 15 countries.

Dr. Morgan is married to Amber M. Morgan, a school guidance counselor, who holds a master's and educational specialist degree. They have three children and reside on campus in the President's Home, which is listed on the National Register of Historic Places.

## Commencement Profiles

---

Jeffery Tyler Syck of Pikeville is this year's commencement speaker for the Caudill College of Arts, Humanities and Social Sciences. He is the oldest son of Jeffery and Laura Syck. His younger sister, Taryn, also attends Morehead State University. Syck is graduating with a Bachelor of Arts degree in government and history.

Syck attended Pike County Central High School where he was an active member of the academic team and school band. He also frequently competed in the school and state's National History Day Competitions.

At Morehead State, Syck was awarded a full academic scholarship through the George M. Luckey Jr. Academic Honors Program, where he has maintained a 3.9 GPA. He has served for three years as president of the Honors student body. He is also a founding member and vice president of the Cicero Society, the founding president of the Residence Hall Association and has served in various roles in the Student Government Association.

He has been active in undergraduate research under the mentorship of Dr. Jonathan Pidluzny since his freshman year. His research has focused on American political thought and American political development. Since receiving the fellowship, he has presented at eight conferences, including the Midwest Political Science Association and the Southern Regional Honors Conference. Because of his research, Syck has been invited to two separate colloquiums on American political thought in Philadelphia hosted by the Liberty Fund.

After graduation, Syck plans to attend graduate school at the University of Virginia and pursue a Doctor of Philosophy in political science. His ambition is to become a professor so that he can mentor future generations of students.

## The University Mace

---

The practice of carrying a mace in academic processions dates to medieval times in England when a person bearing a mace, a formidable weapon, walked in front of the highest-ranking official as they entered and departed ceremonial occasions, to protect him or her from personal injury.

As adapted by European and American universities, the mace has become a symbol of office to the institution's president and is carried by a distinguished member of the faculty. At Morehead State, the joint office of faculty grand marshal and mace bearer is held by the current recipient of the Distinguished Teacher Award.

The mace of Morehead State University was fashioned from Eastern Kentucky walnut in 1984 by John S. VanHoose, a retired faculty member from the Department of Industrial Education and Technology.

## **Commencement Profiles**

Maggie Fleming Pollitt of Hillsboro is this year's commencement speaker for the College of Science. She is the daughter of Jackie and Nina Pollitt.

She is a candidate for a Bachelor of Science degree in biomedical sciences.

Pollitt has been active in undergraduate research under the mentorship of Dr. Kurt Gibbs studying spinal cord injury for three years.

A first-generation college student, Pollitt has maintained a cumulative grade-point-average of 4.0 and has made the dean's list every semester.

She has been an active member of the Chi Omega sorority for the past four years, serving as an executive board member in the positions of treasurer and recruitment chair. A former student advisor for the Upward Bound Math and Science program, Pollitt has given back to the community via the Make-A-Wish Foundation and by volunteering in various service activities throughout her time at Morehead State.

Pollitt traveled to the Dominican Republic for two weeks during the winter break of 2016 to learn about health facilities. In the Dominican Republic, she volunteered at a local orphanage and participated in learning experiences to examine the underlying causes of health care disparities.

At Morehead State, she was a member of the George M. Luckey Jr. Academic Honors Program. She presented research at the Kentucky Honors Roundtable, Southern Regional Honors Conference and MSU's Celebration of Student Scholarship. She was chosen as the representative for the College of Science for the Idea Festival in 2015.

After graduation, she plans to attend law school at the University of Cincinnati, where she has been awarded a full-tuition scholarship as a member of the inaugural class of the Taft Scholars Program.

## **Ushers**

*Ushers serving for today's ceremony are students from the Craft Academy for Excellence in Science and Mathematics at Morehead State University. The ushers are wearing blue robes.*

## **College Receptions**

*Refreshments for graduates and their families, hosted by each college's dean and faculty, will be served immediately following commencement. For reception locations, please refer to the map located on the inside back cover of your program. Receptions are co-sponsored by the MSU Alumni Association Inc.*

Academic fields may also be indicated by the color of velvet on the doctoral gowns; three two-inch bars on the sleeves and a five-inch border extending from the back of the neck down the two sides in front. For the degree of Doctor of Philosophy, the color is dark blue; for Doctor of Medicine, green; for Doctor of Education, light blue; for Doctor of Science, golden yellow. These colors also appear in the velvet of the hood unless the hood represents an honorary degree. The Doctor of Laws has purple velvet. The Doctor of Humanities is white, as is the Doctor of Letters. The Doctor of Public Administration has a hood with velvet in pale aqua.

Caps are black. Tassels are usually black for bachelor's and master's degrees, gold for doctorates. Gowns for bachelor's and master's are plain black, but sleeves of the latter are short with "trailing elbows." Doctoral gowns of European universities are usually very colorful. The caps are often of some soft material such as velvet and are ordinarily not of the conventional mortar-board shape. Several examples may be seen in the University faculty:

*Arts, Letters, Humanities - white*

*Commerce, Accountancy, Business - drab*

*Education - light blue*

*Engineering - orange*

*Fine Arts - brown*

*Journalism - crimson*

*Law - purple*

*Library Science - lemon*

*Medicine - green*

*Music - pink*

*Nursing - apricot*

*Philosophy - dark blue*

*Physical Education - sage green*

*Science - golden yellow*

*Social Science - cream*

*Theology - scarlet*

*Veterinary Science - gray*

## Academic Costumes

The wearing of academic costumes is a custom that goes back to the Middle Ages. Since the early European and English universities were founded by the church, the students and teachers were required to wear distinctive gowns at all times. Although the custom was brought to this country in Colonial days, the requirement for students was soon dropped. The custom for professors was confined to special occasions such as graduation exercises and inaugurations of new presidents. With the increase in the number of educational institutions and the development of new subject-matter fields, some confusion arose in time about the type of gown and the specific color to denote various degrees. To introduce desirable uniformity and set up a clearing house for new developments, a commission representing leading American colleges produced The Intercollegiate Code in 1895. In 1932, a national committee of the American Council on Education revised this code into The Academic Costume Code. It was revised in 1959. Although not obligatory, most of the educational institutions in the country follow it in awarding their degrees, earned and honorary.

The most significant part of the academic dress is the hood. The color of its velvet border indicates the academic field, and it is lined with the color or colors of the institution granting the degree. The hoods of those receiving a Master of Arts or an honorary degree of Doctor of Letters have those same color indications, but each successively higher degree carries with it a longer hood. The doctoral hood also has side panels on the back.

Although most doctoral gowns are black with black velvet bars and panels, in some cases the color of the gown is that of the university conferring the degree. All such gowns have black bars and panels.

## Commencement Profiles

Dr. Joseph A. (Jay) Morgan is the 14th president of Morehead State University.

Dr. Morgan has served as president of Morehead State University since July 1, 2017. His focus at MSU has been on student success, performance outcomes, academic excellence, as well as university rankings and responsiveness to the region.

Prior to service at MSU, Dr. Morgan served as the state-wide chief academic officer and vice president for academic affairs and student success for the Kentucky Council on Postsecondary Education in Frankfort, KY. Before state-wide service at the Council, Dr. Morgan served as provost and vice president for academic affairs at Murray State University, as well as associate provost, university faculty regent, leadership program director, special projects coordinator, graduate program coordinator, and professor/teacher educator. He also has early career service as an entrepreneur, as well as being a high school teacher and coach.

Dr. Morgan holds a Ph.D. from Oklahoma State University in agriculture education with a minor in management, and significant coursework in educational administration. He holds a B.S. and M.S. from Murray State University.

He currently serves as a board of trustees member of the Southern Association of College and Schools Commission on Colleges (SACSCOC) overseeing the accreditation of higher educational institutions in the southern states. Dr. Morgan formerly served as a board member of a medical university, several foundation boards, vice chair of a public university board, vice chair of the Kentucky Teachers Retirement System Board of Trustees managing over \$18 billion in financial assets, a bank board, and the Kentucky Educational Professional Standards Board administering public school teacher licensing and educational standards. Additionally, his former public service includes serving four terms as an elected member of a city council, board president of a chamber of commerce, board chair of the United Way, was formerly named Citizen of the Year, is a Rotarian, and has been involved with economic development, banking and other regional initiatives. He has taught, worked and traveled in more than 15 countries for academics, business, research, and development.

Dr. Morgan is married to Amber M. Morgan, a former guidance counselor, who holds a master's and educational specialist degree (M.S., Ed.S.).

## Commencement Profiles

---

Lin-Hsiu Huang of Kaohsiung, Taiwan, is this year's student speaker for MSU's 2018 Fall Commencement.

She is the daughter of mother Hui-Yen Huang (10) and father Wen-Hung Huang (02). Huang and her family traveled from Taiwan to the United States and lived in Morehead for four years before later moving to Missouri and eventually settling in their current residence in Salt Lake City, Utah.

She is a candidate for a Bachelor of Fine Arts in Art with an emphasis in design, and a minor in mathematics.

Huang is a member of MSU's Academic Honors Program. She has served as a tutor in the Tutoring and Learning Center for three years and has been an Undergraduate Research Fellow for two years.

Huang is an active member and former public relations chair for Phi Sigma Pi, a gender-inclusive honors fraternity. She holds membership and has served in key leadership positions in the Academic Honors Student Association, the Student Association of Gender Equality and Kentucky Young Democrats. Over the past few years, she has worked for several nonprofit organizations, including Give Her Life in Pasadena, California; the National Human Rights Museum in Taipei City, Taiwan; and as a student advisor for Upward Bound, TRIO at MSU.

As an artist, she has participated in several art exhibitions and competitions throughout the state. She also founded the freelance company LINear Design, where she has sold more than 500 personalized paintings, ink prints and holiday cards.

In Spring 2018, she interned as a student blogger for The Washington Center and as The Future of Privacy Forum's first in-house designer, both in Washington, D.C. She currently works as a contract designer for the Association of Career and Technical Education (ACTE) in Alexandria, Virginia.

Huang hopes to use her unique cultural and educational background to bridge the gap between identities – East and West, humanities and STEM – to create an impact in the corners of her world.

## The University Mace

---

The practice of carrying a mace in academic processions dates to medieval times in England when a person bearing a mace, a formidable weapon, walked in front of the highest-ranking official as they entered and departed ceremonial occasions, to protect him or her from personal injury.

As adapted by European and American universities, the mace has become a symbol of office to the institution's president and is carried by a distinguished member of the faculty. At Morehead State, the joint office of faculty grand marshal and mace bearer is held by the current recipient of the Distinguished Teacher Award.

The mace of Morehead State University was fashioned from Eastern Kentucky walnut in 1984 by John S. VanHoose, a retired faculty member from the Department of Industrial Education and Technology.
